**THE SILVER PLATFORM.**

The silver wing of the Republican State Convention unanimously adopted the following platform:

The convention endorses and adopts the platform of the Republican State Convention, held in Carson City on the 30th of April last, as follows:

Resolved, That we condemn the Republican party of the Eastern States and the administration of President Harrison, insofar as they have failed to accomplish the complete reorganization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restoration of silver to the place it assumed previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of silver the right to have the same coined into money upon the same terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, one-half, and enabled the owners of money and obligations payable in money to monopolize the coin of the continental world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person or office who is not known to be unopposedly in favor of opening the Mines of the United States to the free and unlimited coinage of silver.

In view of the unattainable attitude of President Harrison to the paramount issue of the reorganization of silver, this convention will make no nominations to Presidential electors and the State Central Committee to be appointed by this convention shall have no authority to put in nomination electors.

The Convention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of wealth.

And we favor the continuation of agitation and contention for the free and unlimited coinage of silver at the present ratio of 16 to 1, for their own benefit and for the benefit of the people at large—miners, farmers, laborers and mechanics.

The citizens of Nevada, representatives of the various silver leagues irrespective of past party affiliations, in convention assembled, do set forth the following declaration of principles:

First. We demand the full reorganization of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1.

Second. We are resolutely and unalterably opposed to the National Republican and Democratic parties on the question of the reorganization of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States and especially to those of Nevada and all the other mining States and territories, and we therefore repudiate their policies of their convention.

Third. We pledge the members of this convention to support no candidate for President or Vice-President of the United States who is not fully and openly in favor of free coinage as defined by this convention. We reserve to the silver owners of Nevada, the Convention as enabled, the right of directing a high Presidential electors for whom to cast their votes, should conditions require.
